EDUCATION

NIST UNIVERSITY <i>Bachelor of Technology</i> Major in Computer Science; Cumulative GPA:7.5/10.0; Relevant Coursework: Web development; Python; Artificial Intelligence	Berhampur, Odisha Expected May 2027
Uma Charan Patnaik Engineering School <i>Studied diploma in computer science and engineering</i> Relevant Coursework: Web development; Operating Systems; Data Structures	Berhampur, Odisha Oct 2021 - June 2024
DAV PUBLIC SCHOOL <i>Secondary Education</i> (LKG–Class 10) Class 10th - 69.6%	Berhampur, Odisha (2009 – 2021 may)

EXPERIENCE

NIST UNIVERSITY <i>Web Engineering</i> - Developed and deployed 5+ full-stack web applications using the MERN stack, improving end-to-end development efficiency by 30% - Designed responsive UI components with React.js, increasing user engagement by 25% across projects - Implemented authentication systems (JWT/Firebase) for 100+ test users, ensuring secure access control - Managed databases with 1,000+ records, improving query efficiency by 10% - Collaborated using Git/GitHub, maintaining 50+ commits across projects with clean version control practices	Berhampur, Odisha Aug 2024 – May 2027
---	--

ACTIVITIES

Google Student Ambassador <i>Committee Member</i> - Represented Google technologies within campus as a Student Ambassador - Organized workshops and events on topics like Web Development, AI, and Cloud Technologies - Collaborated with student communities to increase awareness of developer programs	Berhampur, Odisha Sep 2025 – Jan 2026
GDG Cloud Bhubaneswar & GDG Bhubaneswar <i>Participant</i> - Participated in technical sessions on AI and Google Cloud for solving real-world community challenges. - Organized workshops and events on topics like Web Development, AI, and Cloud Technologies - Connected with developers and explored ideas for building technology solutions with social impact.	Bhubaneswar, Odisha July – 2026

PROJECTS

NEXUS – Enterprise Data Intelligence & Decision Platform Built an end-to-end data intelligence platform that ingests, validates, cleans, transforms, and analyzes datasets, generating data-quality scores, KPIs, and anomaly insights. Tech: Python, FastAPI, PostgreSQL, React.js, REST APIs, JWT, Docker.	2026
ShopSense AI – AI-Powered Semantic E-Commerce Platform Built a platform where users search products naturally using semantic vector search and get AI-powered shopping insights. Tech: Next.js, MongoDB, Vector Search Fundamentals, Gemini Embeddings, OpenRouter LLM.	2026
Startup Idea Evaluator Built an AI web app that analyzes startup ideas and gives insights on market potential, feasibility, strengths, risks, and an overall success score. Tech: React.js, Vite, JavaScript, Machine Learning.	2025

Virtual E-Commerce Try-On (Team Project)

2026

- Collaborated on an AI-powered virtual try-on platform letting users preview clothing and accessories before purchase; contributed to UI, feature integration, testing, and debugging. Built at Hacksagon 2026, ABVIITM Gwalior; selected as finalist. Tech: HTML, React.js

ZestVerse – Smart India Hackathon(Team Project)

2025

- Built a gamified learning platform prototype for students in rural communities; designed the UI/UX and built a Flappy Bird mini-game, and integrated teammates' games into the platform. Tech: React.js, Tailwind CSS, HTML, CSS, JavaScript.

Smart Water Management – IoT Based Project

2023

- Designed and implemented a web app based on recommendation sharing and management Open-sourced, Clean UI with backend integration for tracking

HACKATHONS

Hacksagon 2026 — ABV-IIITM Gwalior Finalist

Finalist

2026

- Collaborated on an AI-powered virtual try-on platform letting users preview clothing and accessories before purchase
- Selected as a finalist for developing Virtual E-commerce, a web-based e-commerce solution
- Contributed to application development, feature implementation, and problem-solving throughout the hackathon
- Collaborated with team members using Git and GitHub for version control and project development

GIET Bhubaneswar Hackathon

Bhubaneswar, Odisha

Participant

2026

- Developed RECEM – Share and Manage Recommendation, a web application for sharing and managing recommendations
- Designed a clean and user-friendly interface with backend integration for managing and tracking recommendations
- Collaborated with the team throughout ideation, development, and project presentation

Pravah 2026 — IIT Bhubaneswar

Participant

2026

- Participated in Pravah 2026, developing a technology-driven solution to address a real-world problem statement
- Contributed to ideation, development, and project presentation within a time-constrained environment
- Strengthened skills in rapid prototyping, teamwork, and practical problem-solving

Smart India Hackathon (SIH)

Bhubaneswar, Odisha

Participant

2026

- Developed ZestVerse as part of the Smart India Hackathon, addressing a real-world problem statement through a technology-driven solution
- Contributed to problem analysis, solution development, and project presentation
- Gained practical experience in team collaboration, rapid development, and building solutions under time constraints

ADDITIONAL

Technical Skills: Advanced in MongoDB, SQL, JavaScript, HTML/CSS, Tailwind CSS, Proficient in React, Python, Node.js, Express.js REST APIs, Git, GitHub, VS Code, Data Science (learning)

Languages: Fluent in Hindi, Odia, Telugu, Proficiency in English

Awards: [NIST IDEATHON]
